FAASST OFFERS MAZDA MX-5 TO DESERVING TEEN

COLORADO, August 14 / PRNews / - Faaast Performance Driving School, a Colorado based racing and high performance driving school, offered their promotional Mazda MX-5 to a very deserving teen last Saturday. Theron Doig drove the car as a participant in the Tire Rack Street Survival™ School held on August 11 at the World Arena parking lot in Colorado Springs. The event was hosted by the Continental Divide Region of the Sports Car Club of America.

“One of our goals as a professional driving school, is to participate heavily in the community. We are honored to be a part of this Teen Street Survival™ School and we are thrilled that Theron took us up on our offer to drive the car during the event ”, said Judy Faass, owner of FAASST Performance Driving School.

Besides the teen program, Faaast is also an annual participant in the Pikes Peak Soap Box Derby, providing cars to underprivileged youth; drivers for the Faaast owned soap box derby cars are selected through the local Big Brothers / Big Sisters program. Faaast plans to continue their 2007 community service effort by exhibiting the Mazda MX-5 at the Inaugural Firefighter MDA Benefit Rally & Car Show in Colorado Springs on Saturday, August 25th. Proceeds from this car show event will benefit Muscular Dystrophy.

Another Tire Rack Street Survival™ School is planned in Lakewood, Colorado for October 20, 2007. The Colorado Region of the Sports Car Club of America will be hosting the event. For further information and event registration, visit the website: www.streetsurvival.org or contact Tom Hunsinger at tom.hunsinger@comcast.net, Judy Faass at judy@faasst.com or call 719-761-1372.

About FAASST Performance Driving School

Faaast Performance Driving School, based in Colorado Springs, Colorado, is an SCCA (Sports Car Club of America) and NASA (National Auto Sports Association) accredited racing school and high performance driving school. Classes are offered at tracks located throughout the country. For more information visit: www.faaast.com or call one of our offices 703-349-0875 / 719-761-1372.

About the Tire Rack Street Survival™ School

The Street Survival™ safe teen driving program was launched in April 2002 by the BMW Car Club of America Foundation, a 501c3 non-for profit organization. The school is a ‘hands-on’ driving experience in real world situations. Participants use their own cars to learn about its handling limits in emergency or other ‘less than ideal’ situations. For more information visit: www.streetsurvival.org or call Bill Wade 502-649-4871.
